

## Just Wait

I started my day out today going through the McDonald's to get a quick bite of food before work and then stopping by again in the afternoon for another quick bite of food before going back home. I stopped at McDonalds not because of the fine cuisine but because it was quick. This is how we are in this fast paced society now days. The evidence is everywhere even how goods and services are marketed to us; turbo tax, jiffy lube, instant oatmeal, fast food. In today's world when we want something we want it NOW! This is not always the case in our walk with God.

God promised Abram his descendants would outnumber the stars. *Genesis 15:5 He took him outside and said, "Look up at the sky and count the stars if indeed you can count them." Then he said to him, "So shall your offspring be."* As you read on about Abram, also known as Abraham, you read he and his wife Sarah were childless. So, thinking they needed to help God, Sarah sent her servant to sleep with Abraham to conceive a child. History tells us this was the birth of the Arab nations. Abraham and Sarah believed Gods promise but thought they needed to step in and help God's plan when things weren't moving according to their time table. Eventually Abraham and Sarah did have a child together, Abraham was 100 years old and Sarah was 90, and through this child was born the Jewish nation as well as Jesus Christ. Because Abraham and Sarah did not wait on God to fulfill His promise there has been strife between Isaac's and Ishmael's descendants to this very day.

It is very important we seek God's will in our life but it is also very important we wait on God's timing to complete His will in our lives. *Isaiah 30:15 But those who wait on the Lord shall renew their strength; They shall mount up with wings like eagles, They shall run and not be weary, They shall walk and not faint.* When we don't wait on God that path leads to destruction and mayhem but if we choose to "Just Wait" for God's timing He will recharge us and help us do more than we can imagine.

Don't expect everything in your life to happen in an instant, wait on God and enjoy how the story of your life unfolds, living in the will and timing of God.

Remember you need to trust in God and wait on Him to lead you through this world. Listen to Lauren Daigle, [Trust In You](#), sing about how to just wait on God.
